

VALERO ARDMORE AREA OPERATIONS

Sent on behalf of Valero Terminaling and Distribution Company and Valero Partners Operating Co LLC which operates 6'' - 12'' pipelines.

 $^*\mbox{Gas}$ Transmission Pipelines are owned by Valero Refining Company – Oklahoma.

24 HOUR EMERGENCY NUMBER

866-423-0898

PRODUCT	LEAK TYPE	VAPORS	HEALTH HAZARDS
Gas Transmission Pipelines	Gas	Lighter than air and will disperse vertically into the atmosphere. Vapors may travel to source of ignition and flash back. Some Natural Gas lines contain an odorant and will smell of rotten eggs if a leak has occurred. Other types of leaks may be colorless, tasteless and odorless.	Will be easily ignited by heat, sparks or flames and will form explosive mixtures with air. Vapors may cause dizziness or asphyxiation without warning and may be toxic if inhaled at high concentrations. Contact with gas may cause burns, severe injury and/or frostbite. Fire may produce irritating and/or toxic gases.
Hazardous Liquid Pipelines	Liquid	Initially heavier than air, will spread along ground and collect in low or confined areas. Vapors may travel to source of ignition and flash back. Explosion hazards indoors, outdoors or in sewers.	Inhalation or contact with material may irritate or burn skin and eyes. Fire may produce irritating, corrosive and/or toxic gases. Vapors may cause dizziness or suffocation. Runoff from fire control or dilution water may cause pollution.

The Oklahoma Corporation Commission has enforcement authority over excavators who fail to comply with the Oklahoma Underground Facilities Damage Prevention Act, failure to comply could result in the Oklahoma Corporation Commission taking further legal action.

Oklahoma Corporation Commission rules require an excavator to **immediately call 911 and then the 24-hour emergency number** to report any incident involving regulated pipe that results in an unintentional and uncontrolled release of flammable, toxic, or corrosive gas or liquid from a pipeline or pipeline system. Intentional acts are acts done by the operator during maintenance or repair activities and do not include vandalism or other similar acts.
